

BE BETTER. BE STRONGER. BPI.

BOOST STRENGTH, POWER AND RECOVERY*†

3-IN-1 NON-STIM AMINO ACID FORMULA

- INCREASE LEAN MUSCLE MASS*†
- BOOST STRENGTH AND POWER*†
- PREVENT MUSCLE BREAKDOWN*†
- ENHANCE RECOVERY*†

“AMINO STRONG™ IS A 3-IN-1, MULTI-FUNCTIONAL PERFORMANCE PRODUCT TO HELP BUILD LEAN MUSCLE, BOOST STRENGTH AND PREVENT MUSCLE BREAKDOWN BY SPEEDING RECOVERY.”

WHAT IS AMINO STRONG™?

AMINO STRONG™ 3-in-1 Multi-Functional Formula contains a unique blend of key ingredients to help you build lean muscle mass, increase blood flow and speed recovery. AMINO STRONG™ features Essential Amino Acids (EAAs) to increase muscle protein synthesis, accelerate recovery and prevent muscle breakdown. Creatine, Betaine and Citrulline have also been included in this powerful formula, to improve strength, power and endurance during workouts. Use AMINO STRONG™ to elevate your performance during your workouts and enhance recovery after.*†

WHY IS IT BETTER?

AMINO STRONG™ is anchored with Oligopeptide Enzymatic Technology BCAAs. This is the same technology used in our number one selling BEST BCAA™. Pairing this technology with the Liposomal Matrix Delivery System can help boost the bioavailability, absorption rate and effectiveness of each ingredient. Our Science and Medical board paired these cutting-edge ingredients together at efficacious dosages to create a performance-boosting formula to help any athlete or competitor. AMINO STRONG™ can be taken pre, intra or post-workout and is easily stackable with any pre-workout.*†

WHAT'S IN IT?

ESSENTIAL AMINO ACIDS

Essential Amino Acids (EAAs) are not produced by the body and must be added to your diet via food or supplement. They help improve and increase muscle recovery, lean muscle building, performance and protein synthesis.*†

MICRONIZED CREATINE MONOHYDRATE

The most heavily researched and trusted form of creatine, backed by hundreds of studies. No other form of creatine has been shown to be more effective over time.*†

CITRULLINE

Improved blood flow to increase nitric oxide levels and muscle pumps, to promote endurance and performance.*†

BETAINE ANHYDROUS

Derived from beet extract. Betaine works synergistically with creatine to increase raw power and strength.*†

LIPOSOMAL MATRIX DELIVERY SYSTEM™

One-of-a-kind delivery system designed to help enhance absorption rates and oral bioavailability. The natural encapsulation of lipophilic and hydrophilic nutrients within liposomes helps each ingredient bypass the destructive elements of the gastric system, therefore delivering nutrients to cells faster and more efficiently.*†
