WHAT IS KETO BOMB™?

KETO BOMB™ is a delicious creamer made for those looking to lose weight and enhance performance. BPI Sports' performance-boosting creamer is designed for those that are following a ketogenic or low-carb diet and are looking to accelerate the body's fat burning capabilities.^{††}

WHY IS IT BETTER?

KETO BOMB™ utilizes a blend of electrolytes, medium chain triglycerides (MCTs) and other essential fats to fuel your body and brain for better athletic performance. With delicious flavors like French Vanilla Latte and Caramel Macchiato plus zero sugar, KETO BOMB™ helps boost energy and blast fat for a leaner, more shredded physique.^{††}

WHAT'S IN IT?

Electrolytes

Helps the body to maintain proper hydration levels. This is important while in the “adaptation phase” of a ketogenic or low-carb diet.^{††}

Medium Chain Triglycerides (MCTs)

Some studies have shown that medium chain triglycerides (MCTs), found in oils such as coconut oil, can help in the process of excess calorie burning, resulting in weight loss.^{††}

Avocado Oil Powder

Avocados are a natural source of important electrolytes which are important for healthy muscle function and fluid balance.^{††}

Sunflower Oil Powder

Aids in supporting lean muscle building, preserving lean muscle mass, and reducing body fat.^{††}
