

## SLEEP WELL, LOSE WEIGHT\*† HEALTHY, DEEP SLEEP\*†

- WEIGHT LOSS\*†
- APPETITE MANAGEMENT\*†
- BEDTIME RELAXATION\*†

**SERVING SIZE:** 1 Capsule  
**SERVINGS PER BOTTLE:** 30

**“NIGHTTIME WEIGHT LOSS FORMULA THAT ALSO PROMOTES RELAXATION AND A DEEP SLEEP.”**

### WHAT IS NITE BURN™?

NITE BURN™ is the first nighttime, non-stimulant weight management formula rich in recognized, natural extracts which have been ignored up until now. **This monumental supplement takes the night shift in promoting a healthy, deep sleep while enhancing metabolic activity for maximum fat burning while you rest.**\*†

### WHY IS IT BETTER?

A non-stimulant fat burner enhances your metabolism while allowing you to achieve optimal amounts of sleep; vital for muscle recovery and metabolic regularity. NITE BURN™ has been designed to work while you sleep to keep your metabolism active throughout the night while also improving sleep patterns. **Burn fat and get the muscle recovery you need while you sleep like a baby.**\*†

### WHAT'S IN IT?

#### RASPBERRY KETONES

Raspberry ketones stimulate your metabolism to promote fat-loss and aid in preventing weight gain.\*†

#### L-TRYPTOPHAN

An amino acid that performs important functions in the body's metabolism. L-Tryptophan has also been shown to improve sleep patterns.\*†

#### MELATONIN

Melatonin is commonly used to help promote a deep sleep due to its calming effects.\*†

#### GREEN COFFEE BEAN

Assists in balancing blood sugar levels which helps the body burn fat instead of storing it away.\*†
